

Dear Customer,

We at **Ecosanitizing Solutions (PTY) LTD**, trading as a proudly South African BEE registered Company fully understand the devastating impact on business and reputation when forced to close your doors due to positive identification of COVID-19 infected staff members. Despite best efforts to implement control measures aimed at mitigating the risk, infection rates are still on the rise and business/schools/other establishments are forced to engage in costly emergency measures.

We, as a registered clinical disinfecting and sanitizing service are in a position to assist you by providing sanitizing solutions that is customized for your requirements and safety. We service (but are not limited to) shopping centers, schools, hotels, post-construction spaces prior to occupation, conference centers, churches, public transportation, depots and many other public spaces in the greater Durban area.

Available services

- Pro-active deep cleaning and sanitizing services on regular contractual basis or once off.
- Reactive deep cleaning and sanitizing aimed at effective disinfection with quick turnaround times to restore consumer / employee confidence.
- Outdoor sanitizing accommodated, which is ideal for Pre and primary schools, play areas and other public spaces, creating a safe environment for children.
- Professional Risk and Gap analysis assessment will be included as guidance on best practices.
- Our flexibility is aimed at customizing services to both your Company and financial requirements.
- Supply of approved detergents and products for your internal maintenance regimes.

Our Products

Detergent products used is NRCS approved and are accompanied by the relative MSDS sheets and Lab test analysis. We sanitize with eco-friendly products ensuring the safety of our staff and clients.

Our Staff

Our staff are stringently screened every day before getting prepared for the job.

They have extensive health and safety training on how to disinfect effectively.

The staff are honest, reliable and hardworking with great attention to detail.

Safety is our first priority, which is why we use the correct PPE to maintain the safety of our staff.

Our vehicles are cleaned and sanitized regularly to ensure our staff remain healthy on the front line.

We guarantee 100% satisfaction and most importantly peace of mind.

Additional Services

In addition to above sanitizing services, we also thoroughly clean mattresses, upholstery, carpets, curtains and perform all general cleaning services.

We supply High quality robust stainless-steel foot pedal dispensers and can also re-fill your 500ml 70% alc liquid sanitizer bottles at low cost.

For a free estimated quote or any inquiries please send a mail to Info@ecosanitizing.co.za or contact us directly on one of the contacts below.

We look forward to your call.

Yours faithfully

B.D George
